Services Provided

The District was organized in July 2006 for the purpose of financing and providing public improvements and related operations and maintenance services within and outside of the boundaries of the District. The public improvements include streets, safety protection, park and recreation facilities, water, sewer, transportation and mosquito control. When appropriate, these improvements will be dedicated to the City of Aurora, Arapahoe County, or other such entities as appropriate for the use and benefit of the District taxpayers and service users. The District was organized in conjunction with two other related districts, Fitzsimons Village Metropolitan District No. 2 (District No. 2) and Fitzsimons Village Metropolitan District's service area is located within the City of Aurora, Arapahoe County, Colorado.

On May 2, 2006, District voters approved general obligation indebtedness of \$382,440,000 for street improvements, \$382,440,000 for parks and recreation, \$382,440,000 for water facilities, \$382,440,000 for sanitation system, \$382,440,000 for transportation, \$382,440,000 for mosquito control, \$382,440,000 for traffic and safety, \$382,440,000 for fire protection facilities or services, \$382,440,000 for television relay and translation facilities, \$5,000,000 for operations and maintenance, \$382,440,000 for intergovernmental contracts and \$382,440,000 for debt refunding. The District's service plan prohibits the District from providing fire protection and television relay and transmission facilities and services unless they are provided pursuant to an agreement with the City of Aurora. The election also approved an increase in ad valorem property taxes of up to \$5,000,000 annually and allows the District to collect fees of up to \$382,440,000 annually for operations and maintenance. The District's service plan limits total debt issuance to no more than \$382,440,000.

The District prepares its budget on the modified accrual basis of accounting in accordance with the requirements of Colorado Revised Statutes C.R.S. 29-1-105 using its best estimates as of the date of the budget hearing. These estimates are based on expected conditions and its expected course of actions. The assumptions disclosed herein are those that the District believes are significant to the budget. There will usually be differences between the budget and actual results, because events and circumstances frequently do not occur as expected, and those differences may be material.

The District has no employees and all administrative functions are contracted.

Revenues

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or, if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August, and generally, sale of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

Specific Ownership Taxes

Specific ownership taxes are set by the State and collected by the County Treasurer, primarily on vehicle licensing within the County as a whole. The specific ownership taxes are allocated by the County Treasurer to all taxing entities within the County. The budget assumes that the District's share will be equal to approximately 6% of the property taxes when calculated from the current year's gross taxable assessed valuation.

Public Improvement Fees

The District receives public improvement fees (PIF) from existing retailers within District No. 2. The PIF, a privately imposed fee, is collected from sales transactions upon which the City Sales Tax is levied and from lodging transactions upon which the City's Lodgers Tax is levied, in consideration of the benefits derived from the public improvements constructed within District No. 2. The PIF allocated to operations and maintenance is remitted to the District to help pay for the District's operations and maintenance costs. The PIF allocated to debt service is pledged to District No. 3 to pay for the bonds District No. 3 issued on December 28, 2021.

Developer Advance

A portion of the District's operating expenditures in 2024 will be funded by the Developer. Developer advances are recorded as revenue for budget purposes with an obligation to future repayment when the District is financially able to reimburse the Developer from bond proceeds and other legally available revenue.

Operation and Maintenance Fees

Pursuant to the Fitzsimons Village Metropolitan District Nos. 1 - 3 Joint Operations and Maintenance Fee Resolution, an operations and maintenance fee is imposed on all applicable property located in all Districts' boundaries, commencing in 2012. For commercial property, the fee was initially set at a rate of \$0.01002 per square foot per month. For residential property, the fee was initially set at a rate of \$1.12 per residential unit per month. The fee rates shall increase on January 1 annually thereafter.

On August 13, 2014, Districts Nos. 1 - 3 amended the resolution to increase the fee rates starting in 2015. With the Phase 2 project (hotel, conference center, and parking structure) and future Phase 3 project, the Districts' operation and maintenance costs (benefitting the entire Fitzsimons Village) will increase, hence the need for the fee rate increase.
